

DISSEMINATION & COMMUNICATION ACTIONS PRESENTED BY WROCŁAW TECH - CONFERENCES

-NEWSLETTER 6-

•International Magnesium Week 2024 (ICM 8 and Mg 2024), November 2-6 2024, Chongqing, China, presentation „PEO coating on magnesium – ceramic composite scaffolds for biomedical applications”, presenter: Natalia Łobacz-Rażny

•International Magnesium Week 2024 (ICM 8 and Mg 2024), November 2-6 2024, Chongqing, China, presentation „Elaboration of manufacturing technology of Al₂O₃-Mg alloy composites for customized biodegradable teeth implants”, presenter: Anna Dmitruk

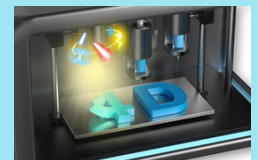

•XXXI. international conference of casters from Poland, Czech Republic and Slovakia SPOLUPRÁCA · SPOLUPRÁCE · WSPÓŁPRACA 2025, April 2-4 2025, Rajecke Teplice, Slovakia, presentation „Dental implants produced by Mg-alloy infiltration of ceramic scaffolds”, presenter: Anna Dmitruk

•International Conference on IMPLANTS 2025, May 27-30 2025, Sopot, Poland, poster „Customized manufacturing of TPMS-based scaffolds for bone implants”, presenter: Krzysztof Naplocha

•4D Materials Design and Additive Manufacturing Conference 2025 (4DMDA 2025), July 8-10 2025 Singapore, presentation „Combining a 3D-printed ceramic structure with a magnesium alloy for dental applications”, presenter: Krzysztof Naplocha

•34th Annual Conference of the European Society for Biomaterials (ESB 2025), September 7-11 2025, Turin, Italy, poster „Characterization of PEO-coated multi-material composites for dental applications”, presenter: Anna Dmitruk
